

MUGISHA Daniel

Civil Engineering Technician | Operations and Site Supervisor | Technical Administrative Support

Phone: +256(0)771991485 | Email: mugishadaniel58@gmail.com

LinkedIn: <http://www.linkedin.com/in/Mugisha-daniel-4b034a123>

PROFESSIONAL SUMMARY

Results-oriented Civil Engineering Technician with over six years of experience in team leadership, supervision, and project coordination. Proven track record in providing technical administrative support, including technical reporting, contract administration, and operational documentation management all while maintaining stringent safety standards. Expert in overseeing technical workflows, preventative maintenance, and life safety systems inspections of critical assets for high value real estate management. Adept at working with minimal supervision to streamline operational compliance.

CORE COMPETENCIES

- **Team leadership.** An expert in managing casual and support staff; through recruitment, performance coaching, and scheduling work shifts.
- **Operational oversight.** Skilled in monitoring attendance; evaluating contractor workflows, and ensuring tasks are completed to standard and on time.
- **Occupational health and safety compliance.** Proficient in enforcing PPE compliance and conducting safety inspections, including fire-pumps and generator tests.
- **Facility maintenance and management.** HVAC, preventative maintenance scheduling, space management, OSHA standards compliance, all to ensure a building functions pleasantly and efficiently.
- **Reporting and administration.** Adept in digital data entry, inventory control, and authoring technical performance reports for management.
- **Real estate support.** Specialised in inspecting works against drawings and supervising site construction.

Languages: English (Fluent), Luganda (Fluent), Rukiga/Runyankole (Intermediate), Lusoga (Intermediate).

Software proficiency: MS Office suite apps, Revit, AutoCAD, Primavera P6, Planswift, ETABS, Robot Structure, Sketchup, Bluebeam, Civil 3D, Navisworks.

WORK EXPERIENCE

CAD and BIM Technician. Remote | Freelance. *Kampala, Uganda* | September 2025 – Present.

Currently offering Computer-Aided Design services for Architecture, Engineering, and Construction (AEC) to clients from both South Sudan and Uganda. Also offering BIM management services.

Civil Engineering Technician. On-site | Freelance. *Juba, South Sudan* | March 2023 – August 2025.

- **Project design and construction.** Successfully designed and supervised construction of three residential and one commercial building projects with total project costs ranging from \$30,000 to \$45,000 per project; sub-contracted by Trillion Planet General Trading Company Limited.
- **Plant operations management.** Managed a mechanised concrete block manufacturing plant for Trillion Planet General Trading Company Limited; oversaw all plant maintenance, sales, and expenses.

Provided oversight for technical staff and casual labourers to ensure 100% production efficiency and quality control.

- Technical supervision. Completed sub-contracted work to design and supervise construction of rooftop pergolas for Médecins Sans Frontières (Doctors without Borders) at a project cost of \$10,700.

Site Manager. On-site | Yebwa Engineering Works Limited. *(Embedded at Hima Cement Limited).* Hima, Kasese | August 2018 – June 2022.

- Health and safety management. Oversaw health and safety adherence to LafargeHolcim standards; ensured the whole team adhered to PPE requirements; and reported on unsafe conditions for rectification. Prepared monthly health and safety reports for performance monitoring.
- Project and contract administration. Prepared tax invoices for approved purchase orders immediately upon project completion. Quoted for work and ensured the timely provision of labour and materials, guaranteeing timely project start and finish.
- Team leadership. Managed a diverse team of up to 115 skilled, semi-skilled, and casual workers ensuring 100% adherence to operational guidelines; enlisting and training a competent workforce to meet client demands. Evaluated work done and produced technical performance reports shared with Yebwa directors and the client's line managers.

Production Site Supervisor. On-site | Yebwa Engineering Works Limited *(Embedded at Hima Cement Limited).* Hima, Kasese | April 2018 – August 2018.

- Health and safety enforcement. Enforced PPE compliance through regular inspections; this fostered a culture of safety for the production team.
- Hazard identification. Identified and reported site hazards to the Hima Cement Limited safety team and followed through on rectifications to minimise workplace risks.
- Workflow management. Managed the team's workflow through daily labour allocation optimising workforce distribution across a three-shift 24/7 production cycle, ensuring 100% manning levels and zero downtime due to labour shortages, also issued and confirmed worksheets for work done.
- Team development. Coordinated employee trainings and inductions enhancing team productivity and ensuring alignment with industry developments.

EDUCATION

Diploma in Civil and Building Engineering (DCBE). Kyambogo University, *Kampala* | 2016 – 2023. *(Completed part-time alongside full-time employment).*
